4.Customer notice

Product model:AK-2
Power supply symbol:DC5V
Rated power supply voltage or rated power supply voltage range:5V
Rated current consumption or rated power consumption:50mA
Output power:0.5W

Safety warning

1. Don't disassemble the machine without authorization.
2. It is strictly forbidden to use the environment in water, sunlight or overheating; Keepaway from open fire, corrosion and other hazards.
3. Using in high temperature environment and cold weather will reduce the performance of the product.
4. If consumers use the power adapter charging, its power adapter should obtain CCC national compulsory certification before use.
